5. (Confidential - JGO) [] FE Division, called and told me he had coordinated the Agency briefing for Richard Moose and James Lowenstein, Senate Foreign Relations Committee staff investigators, with Mr. Fred Ladd, State Department. See Memorandum for the Record.

6. (Internal Use Only - JGO) Received a call from Herb Roback, Legislation and Military Operations Subcommittee staff of the House Government Operations Committee, who told me that Representative Koch (D., N.Y.) has written to Mr. Bundy, of the Ford Foundation, concerning the Foundation's assistance to the New York City Police Department. Bundy has responded to the effect that he has no knowledge of such assistance given the police department. After checking with Howard Osborn, D/S, I agreed with Roback that he advise Koch's staff that the information concerning the Ford Foundation had been furnished the Committee by this Agency and any question they had on the information should be referred to the Agency.

Roback called later in the day and told me he had been contacted by David Burnham, feature writer for the New York Times, concerning this matter. I told him we had also been contacted by Burnham and planned to give him Wayne Kerstetter's name whom we were advised originally was a Ford Foundation man with the New York Police Department, and was the person who suggested the original Agency contact. Roback thought this would be most helpful.

7. (Internal Use Only - JGO) In response to a request from Angus Thuermer concerning the call to him from David Burnham, of the New York Times, regarding the Ford Foundation and training of New York Police Department personnel, I contacted Stan Enzi, Office of Security. I asked Enzi to alert Deputy Chief Metzdorf, NYPD, that we would be releasing the name of Wayne Kerstetter, a lawyer of the Ford Foundation assigned on a full-time basis to the First Deputy Police Commissioner's office as a legal counselor, as the individual who had recommended the NYPD contact with Agency representatives.
